

# Shell Rotella® heavy duty engine oil **passed the test.**

## Mobil Delvac 1300 Super 15W-40 **did not.**

At Shell Rotella®, we believe in the strength of our technology. And one way we challenge ourselves is by putting our oils to the test, along with other oils on the market. In a required industry test completed earlier this year, a sample of Mobil Delvac 1300 Super 15W-40 did not meet API CK-4, nor the Cummins, Detroit Diesel, Mack or Volvo specifications which they claim to meet. Make sure you get what you're paying for because a truck is more than just a truck, that's why it deserves more than just any oil. Visit [rotella.com](http://rotella.com) for more information.
