### AW HYDRAULIC OILS

*GO WITH THE PRO!*

**OILPRO™ ADVANCED INDUSTRIAL AW HYDRAULIC OILS** are long life hydraulic oils. They are formulated with high quality base stocks resulting in improved oxidation resistance, viscosity retention and cold flow properties. These fluids are designed to protect high-pressure vane and piston pumps as well as numerically controlled machine tools where an anti-wear hydraulic fluid is specified. **OILPRO ADVANCED INDUSTRIAL AW HYDRAULIC OILS** provide superior resistance to oxidation, corrosion, wear, sludge, varnish, emulsification and foaming.
