

CAM2[®]

PREMIUM GREASES

CAM2 MULTI-PURPOSE LITHIUM GREASE

Smooth lithium based grease suitable for a wide range of uses including automotive chassis lubrication. Provides lubrication in the presence of water, maintains good mobility even in cold weather and exhibits mechanical and oxidation stability. Ideal for centralized grease systems.

CASE OF 10/14OZ - 80565-22550 | KEG - 80565-22515 | DRUM - 80565-22554

CAM2 HI-TEMP RED LITHIUM COMPLEX GREASE

Premium quality multi-purpose tacky grease that is suitable for high-temperature applications. This NLGI #2 grade grease is manufactured using highly refined, select high VI base oils, compounded with extreme-pressure agents to provide excellent load-carrying & anti-wear properties.

CASE OF 10/14OZ - 80565-22750 | KEG - 80565-22715 | DRUM - 80565-22754

CAM2 ULTRA 580 EP #1 GREASE

Premium performance multi-purpose grease formulated with advanced calcium sulfonate thickener technology. Manufactured with a vigorous extreme pressure additive system to meet the demanding lubrication requirements set by today's OEM standards. Meets NLGI GC/LB.

CASE OF 10/15OZ - 80565-23750 | PAIL - 80565-23709 | KEG - 80565-23715

CAM2 ULTRA 580 EP #2 GREASE

Premium performance multipurpose grease formulated w/ advanced calcium sulfonate thickener technology. Unique formula combines the synthetic soap w/ High VI petroleum oil to enhance oxidation resistance for long life & reducing equipment downtime. Meets NLGI GC/LB.

CASE OF 10/15OZ - 80565-23850 | PAIL - 80565-23809 | KEG - 80565-23815 | DRUM - 80565-23854

CAM2 ULTRAPLEX EP #2 W/ 3% MOLY GREASE

High quality multipurpose grease for construction, industrial and transportation service. It has a lithium complex thickener for compatibility with a wide range of industrial greases. Excellent extreme pressure properties. Fortified w/ 3% Molybdenum Disulfide for additional EP protection.

CASE OF 10/14OZ - 80565-26050 | PAIL - 80565-26009 | KEG - 80565-26015 | DRUM - 80565-26054

CAM2 ULTRAPLEX EP #2 HI-TEMP LITHIUM COMPLEX GREASE

Premium quality multi-purpose tacky grease that is suitable for high-temperature applications. This NLGI #2 grade grease is manufactured using highly refined, select high VI base oils, compounded with extreme-pressure agents to provide excellent load-carrying & anti-wear properties.

PAIL - 80565-23909

CAM2 ULTRA 580 EP #2 W/ 5% MOLY GREASE

High quality multipurpose grease for construction, industrial and transportation service. It has a lithium complex thickener for compatibility with a wide range of industrial greases. Excellent extreme pressure properties. Fortified w/ 5% Molybdenum Disulfide for additional EP protection.

CASE OF 50/14OZ - 80565-26750 | PAIL - 80565-26709 | KEG - 80565-26715 | DRUM - 80565-26754
