

ENEOS

ENEOS FULLY SYNTHETIC MOTOR OILS

ENEOS 5W-20

ENEOS 5W-20 Fully Synthetic Motor Oil is 100% fully synthetic motor oil that provides excellent engine cleanliness and wear resistance due to its high-performance base oil and additive blend.

It provides outstanding fuel-saving properties and superior heat & oxidation stability. Meets API SN/RC and ILSAC GF-5 standards.

Excellent Engine Cleanliness and Wear Resistance

ENEOS 5W-20 High Performance Fully Synthetic Motor Oil's excellent engine cleanliness and wear resistance have been proven in official laboratory tests in the United States. This performance has also been confirmed in a full range of vehicle tests.

Minimized Oil Consumption

The consumption of motor oils depends largely on the type of base oil. Because ENEOS 5W-20 is blended from high-performance base oils, it has minimized oil consumption when compared to a 5W-30, so users can look forward to adding less oil to their engines.

Meets Latest API Standards

The high-performance ENEOS 5W-20 has been certified as meeting the latest API SN standard established by the American Petroleum Institute.
